

SKI SAFARI DOLOMITES: WITH LUGGAGE TRANSFER SERVICE

Follow these important instructions:

1. Prepare **only one spacious and sturdy luggage per person** for the transfers, where I will position a "Ski Safari Dolomites" plastic label.

2. For the ski days **prepare a very slim 10/15 litres backpack** to carry only your money pocket, one pocket photo camera, and eventual other minimal personal stuff.

Along the Ski Safari we will find some short pedestrian transfers:

- **DAY1:** from the Hotel in Bolzano to the bus station, 10-15 min by walk.
- **DAYS along the ski safari:** nothing.... or max some minutes to move to the ski bus stops or to traverse the little towns....
- **LAST DAY:** from the bus station to the Hotel/B&B in Bolzano ,10-15 min by walk.

We will have this strategy:

The **DAY1** and **LAST DAY** we will use the gym shoes and we will carry our equipment as you can see in the photos.

Watch in the next page the details.

As you can see this is the most better and most professional solution :-)

Skis and poles

fixed on the ski slings of your backpack

Helmet

Ski boots connected with the velcro strips
and this traverse fixed on the top of your backpack

Anyway for the rest of the ski days, (if you prefer) you can ski without backpack.....

Personally: I prefer have a mini backpack everyday because it's a good protection for my back.....
